1.H1 (Human prompt)

Incongruity

A sleek red tie draped loose,
Ebony tresses haphazardly strewn,
His glasses though crooked,
Tell a story of its own.
His mere presence clashes,
With the dimly lit room,
And the ephemeral parasol, so clean
Accentuates the sheer incongruity of the scene.
His sleek demeanor paired with
The gait of a venerable young man,
Points to a void beyond his eyes,
Yet the brightly spotted parasol, so clean
Lights up the vicinity to embrace the silence.
It accentuates the sheer incongruity of the scene.
A story behind his eccentric countenance,
His eyes taking a road trip to beyond the seven seas,
His silence lingers as a ghost hoping for someone brave enough,
And his thoughts are held back by compliance.
I hope his efforts don't end up in vain,
For his mere presence which clashes with this dimly lit room,
Accentuates the sheer incongruity of this scene.

Krushna Radha
